3. On 5 October, source determined that most of the engineer training area near Apollendorf had been vacated and that the area was occupied only by a guard detail of about 60 troops. The windows of the installations were open and the billets appeared to be empty. Motor vehicle was seen in the quartering area. ³ 25X1B

4. On 9 October, source determined an AAA emplacement with 4 x 85-mm AA guns about 300 to 400 meters north of the east end of the autobahn bridge across the Elbe River between Coswig and Dessau. A range finder was about 450 meters from the east end of the bridge. The guns were uncovered. Several soldiers were seen with the range finder. Other emplacements were seen 800 to 1,000 meters north of this emplacement. ⁴
